Wellington Terrace. Clevedon.
Aug. 6 - 1852.

My dear Mrs Chapman,

It gives me much pleasure to comply with the request of our friend Mr Chamerovzow that I will furnish him with a letter of introduction to you.

You will have perceived in the A. S. Reporter how assiduously Mr C. has been laboring to extend Anti slavery feeling & action amongst us, - especially by appeals to our Ecclesiastical Bodies to take A. S. ground in their treatment of their American brethren, & by promptly detecting & exposing clerical apologists for Slavery who have appeared among us in the disguise of delegates &c. &c. And I think we must have told you in some of our letters of the pains Mr C. has taken to become acquainted with the history & present position of the cause in the United States. It has been

gratifying to us to know had the power of introducing him to several of your fellow-laborers from whom he has gained much of the desired information, & I am sure he will value such additional facts as your experience furnishes.

We shall be glad for you to converse freely with Mr C. respecting the A. S. movement in England. He may not see so strongly as we do the importance of the aims & measures of the American A.S. Soc^{y} as the moral movement of the Land in America, & he may not as yet be able to do all that he hopes, & that we hope, may in time be effected, towards directing the Anti Slavery Energy of this country to the aid of the labors of the American Anti Slavery Soc^{y}. So prejudiced are our public against your Society, that with the best intentions Mr C. must find it very difficult to remove the obstacles which stand in the way of a cordial

union between the friends of the Cause with whom he is in the closest alliance of the supporters of the American A.S. Soc'y. But we believe Mr Chamerovzow is doing his utmost to effect this union; & while convinced of his sincerity & of his desire to know & promulgate the truth, we are anxious by every means in our power to encourage & assist him.

My Father sends kindest regards to your circle. He has been drooping the last fortnight - but I hope a change we have just effected into a cooler house in a more airy part of Clevedon may revive him. The notice Mr Chamerovzow has given me of his intended departure is too short to admit of my writing a letter by him but these lines will suffice I hope to bring you acquainted with each other, & thereby to be helpful to the Cause.

Ever yours truly & affectionately

Mary A Estlin.
